

Assistant Director for Reports and Estimates

7 August 1947

Executive Director

Policy for sending ORE Researchers on Foreign Missions

1. A policy statement concerning cases approximately similar to those listed in your memorandum of 5 August attached will be issued in the near future. This statement will call upon you for recommendations for the implementation of the policy permitting the establishment of periodic foreign mission programs for selected CIG research employees.

2. Pending receipt and recommendation for the implementation of such a policy, it is requested that individual cases such as those of [REDACTED] be submitted with specific recommendations of the Assistant Director for Reports and Estimates, as to the assistance which he believes should be provided, together with his opinion as to the resultant value to CIG.
